How were you negatively affected by the stench?

Well, I declare, the situation in which we find ourselves is nothing short of preposterous! Here we are, nestled behind this wretched Meijer distribution center, subjected to an odorous assault that would make a skunk's musk seem like a bouquet of roses in comparison. It appears that the good folks in charge have taken it upon themselves to grace us with their peculiar blend of aromas, much to the detriment of our outdoor pursuits. It is as if they have mistaken our abode for a perfumery, and in their infinite wisdom, decided to share their olfactory concoctions with us at the most inopportune moments. One would think that common decency would dictate a more circumspect approach to the dissemination of such fragrant affronts. Alas, we are left to contend with this lamentable state of affairs, wherein our nostrils are mercilessly besieged by a stench of such magnitude that even the most brazen of skunks would tip their hats in deference. Verily, I beseech those responsible for this aromatic atrocity to take heed and consider the suffering they inflict upon their fellow citizens. Let us hope that reason shall prevail, and the noxious fumes shall be kept at bay, granting us respite from this most foul and distressing ordeal.

I also smelled it at Maple Hill Cemetary 1 mile away from our house. I thought something was sprayed...but i noticed thesame smell at house (where i thought initially it was a dead animal.

I noticed i did not feel great that day, not quite a headache. Not sure if it was breathing that while walking or if it had to do with the high temperature affecting me..

Horrible. **Really bad.** **Perceptible odor.**

How were you negatively affected by the stench?

I'm so lactose intolerant that even the smell of milk makes me sick. The rotten milk smell from Meijer makes me really sick, which gives me really bad gas. Long story short, I accidentally farted on my wife's pillow, and now she has pinkeye. She's pretty upset with me and won't put out. So it's affected me pretty badly.

What a comical act for Tipp City. This community has always thought of itself as one of the best areas in the Miami Valley and certainly of Miami County. That's pretty hard to claim when you have homes trying to exist next to Meijer where odors akin to a dead possum rotting on the side of the road are impacting homes in Cedar Grove and Windmere. NOT what I expected from this community. Do something, or your tax payers will leave.

Sick and tired of smelling Meijer! The city needs to think about its taxpayers and quit worrying about hurting their biggest tax base feelings. Either they fix it or you shit them down! These measly 3-5k fines isnt taking an effect on them at all.

Plus they promised to cease production of their cultured items by 2/28/2021. Well it's 3/21/2021 and their clearly still producing them
